' also 2014-03-28 22:54:59.268 vrtscrap VRAy ERROR: Missing input file name, please rerun with vrtscrap -i I've tried vrtscrap 2.40.03.x86 and vrtscrap -i and neither of them work. I'm using win8.1, downloaded Visual Studio 2012. A: you just

got a bug on your version of VRTScrap. I guess you will find a fixed version for yourself somewhere. If you want to help, please try to compile it yourself and include the bugfix. Q: Can't run Laravel on localhost I'm trying to learn Laravel and I'm following the Getting started guide. I've created a new Laravel project, and I can run the hello world app fine, but when I try to run the php artisan serve command it tells me I'm in safe mode. I've checked the apache2.conf and the.htaccess file and neither have any of the safe_mode settings. I've run phpinfo and it's telling me that I'm running version 5.5.9. Is there something I need to change to stop it telling me I'm in safe mode? As mentioned in the comments to your question, PHP is configured by the operating system to not run in safe mode by default, but you can configure this by editing the php.ini file. You can also download a PHP extension pack to enable even more features of PHP. In case you haven't already, read the manual - Mabel Maria Guitars Mabel Maria Guitars is an American manufacturer of acoustic guitars based in San Antonio, Texas, United States, founded in 1986 by luthier Michael Boddicker. Guitars Michael Boddicker Guitars Michael Boddicker, a student of luthier George Barnes, was contracted to create the Michael Boddicker Guitars line of instruments. The Boddicker guitars are manufactured by Mabel Maria Guitars in San Antonio, Texas. Other Boddicker models include a 5-string banjo, a steel-string
